13,14	Rock backward onto Right foot, kick Left foot forward ( <i>low kick</i> )
15,16	Rock-step Left foot backward ( <i>small step</i> ), rock forward onto Right <i>* both kicks are almost like forward brushes with the foot just lifting from the floor</i> <i>*for"11,12 &amp; 15,16", use hips on these rocks - as you rock backward let the heel of the forward foot lift, drop it and lift the other heel as you rock forward.</i>
17,18	Rock backward onto Left foot, kick Right foot forward ( <i>low kick</i> )
19,20	Step Right foot backward, step Left foot beside Right

25,26,27	With feet together swivel heels right, transfer weight to heels and swivel toes right, transfer weight to toes and swivel heel right - <i>you will travel to the right</i>
&,28	Raise both heels, drop heels taking weight onto Right foot
29,30	Step Left foot forward travelling slightly toward left diagonal, slide Right foot beside Left
31,32	Step Left foot forward, brush Right foot forward <i>*For those of you who like "endings" to a dance, this one finishes on counts "23,24" so to finish facing front, make 1/2 turn left as you step to the side on count 23 and step Right foot beside Left.</i>

*Just when I had given up hope of ever doing a beginner dance I think I've managed to do it!!! And yes, it's another "old song", but I think it's great and have liked it for years, so as soon as I heard this version knew that I was going to have to do a dance to it (It was co-written by Nat King Cole in 1944 in case you are interested)*
